

PRESS RELEASE

April 1, 2018

Effective April 1, 2018

Clark Liquor Brokerage, LLC is pleased to announce the acquisition of the Bone Spirits portfolio.

Bone Spirits is one of Texas' largest bourbon producers. They endeavor to produce their products from locally sourced grains, whenever possible, and as many local botanicals for their gin as they can get.

Bone Spirits makes Bone Bourbon and Moody June Gin. They have also begun to make Bön Akevitt (a Texas style aquavit) infused with caraway.

Bone Distillery is located about 50 miles east of Austin and 15 miles west of LaGrange in Smithville, Texas. Smithville is a typical, sleepy, little Texas town with a picturesque town square and one of the best Bar-B-Que joints you can ever hope to eat at. Smithville also has the best little distillery in Texas.

The Bone Distillery is unique because of their dedication to doing everything on-site. In addition to their pot stills for making Bourbon they have a custom made double column still where they produce their own neutral spirit to use in their gin and a few other items.

I want to thank Bone Spirits for trusting me with their sales in Texas and I look forward to a long relationship with them.

Bone Spirits is now distributed in Texas exclusively by United Wine & Spirits of Houston.
